U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On May 18, 1975

- Export shipments in
Current Marketing Year

- Daily Sales reported
May 19 - 27, 1975

--As Reported by Exporters

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.

U.S. DEPARTMENT OF AGRICULTURE, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of May 29, 1975 (based on reports from exporters during the week ending May 18, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1974/75 declined by 40,900 metric tons (MT). Commitments to Syria rose by 75,400 MT, while commitments to India and the Republic of Korea declined by 51,000 MT and 44,200 MT, respectively.

For 1975/76 shipment, commitments to Japan increased by 80,800 MT and commitments to India rose by 101,200 MT, bringing total wheat committed to India for next season to 1.7 million MT. Commitments to Morocco fell by 60,000 MT.

Feedgrains: The apparent export commitment for 1974/75 dropped by 220,500 MT. Total corn commitments fell by 161,400 MT, largely because of the 200,200 MT decline in commitments to unknown destinations. Minor changes in commitments to a number of known destinations resulted in only a net increased commitment of 38,800 MT. Sorghum commitments declined by 31,900 MT, based largely on lower commitments to the European Community (EC) and Poland of 25,400 MT each and an increase in the commitment to Venezuela of 18,900 MT.

Rice: The apparent export commitment for 1974/75 rose by 81,900 MT, based primarily on an increase of 69,900 MT in the commitment to the Republic of Korea, and minor increases to several other destinations.

Soybeans: The apparent export commitment decreased by 131,000 MT, as cancellations and/or deferrals by the Netherlands, France, West Germany, Italy, and Republic of Korea exceeded new commitments by the U.K., Canada, Venezuela and Belgium. Japan increased commitments for delivery in both 1974/75 and 1975/76, and the EC purchased nearly 75,000 MT for delivery in 1975/76.

Soybean Meal: The apparent export commitment decreased by 206,000 MT, primarily to EC destinations, Canada, Jamaica, and to unknown destinations. Exports declined to only 17,600 MT, bringing the annual unadjusted rate of exports to nearly 4.3 million MT--slightly below the USDA estimate of 4.355 million MT. In April, U.S. exports were 483,000 MT, the same as in April 1974, and in line with exporter's reports. However, exporter's reports through May 18 indicate that May exports may fall to a range of 200,000 - 300,000 MT. Hog and poultry numbers in the EC have declined in 1975, reflecting both cyclical and general economic factors.

Soybean Oil: The apparent export commitment rose by 8,800 MT, the first significant increase since March, and was largely the result of a 6,400 MT sale to Pakistan under Title I, PL-480. Export commitments to the Netherlands were reduced by 5,000 MT and further reductions are expected.

Cotton: New sales and cancellations continued at a slack pace. New contracts for nearby delivery increased over the level of the previous week, but interest in 1975/76 delivery was the lowest in 8 weeks. Exports remained near the level of the previous week.

OUTSTANDING EXPORT SALES AND EXPORTS - MARKETING YEAR 1974-75
